

Can you imagine serving three meals a day to over 225 people? That's what happens each summer day in the Camp Luther Dining Hall.

In 1946, the North Wisconsin District purchased a lodge, three cottages, and 91 acres of forest property just north of Three Lakes, Wisconsin for \$22,000. Camp has since grown to 215 acres, including 15 cottages, a Retreat Center, and 5 themed villages. This is YOUR Camp. Annually, over 6,000 youth, children, and adults visit Camp Luther.

After 72 years it is time to replace the lodge and the dining hall that was constructed later. A new Community Center is planned that will provide additional room for meetings, Bible studies, and other activities. The capital cost is projected to be approximately \$2.5 million, of which \$1.3 million has been committed by individuals and congregations of the North Wisconsin District through a campaign called *Filled with the Spirit*. Campaign leaders are reaching out to congregations and congregation members in the NWD for your meaningful support of your Camp.

Learn more at filledwiththespirit.org or contact Camp Luther at 715-546-3647 for more information on how you can support this important campaign.
